2023

Its mid year holiday time! It would be fantastic to be able to get away from this crazy Antarctic weather. I'm stuck here over the holidays with sporting activities which to be honest I love, so its not that bad!

I will be watching the U15s Perth Footy Club games, U15s Go & Play Hockey Championships, throw in some girls and ladies Netball, Barron's Football and that's most winter sports covered along with my holidays! At this rate it will be Christmas soon!!!

Stay warm!

Leechelle Matthews

The Meckering Action Group in conjunction with the Rose Society of WA invite you to join in our Annual Rose Pruning and Care Workshop followed by a community prune and general tidy up of our amazing Meckering Memorial Rose Garden.

The Rose Garden is in need of some attention to help keep the roses healthy and maintain this special space for all to enjoy. Please come along and pick up some tips from the experts and join in our Community Pruning!!

All very welcome, including children.

DATE: Sunday 16th of July 2023

TIME: 9.30am

BRING: Secateurs, gloves and rakes.

Lunch and afternoon tea provided

Please come along and support your Community Rose Garden. For catering purposes please RSVP to Caitlin Gillies – Vicki.B Beard@education.wa.edui.au by the 11th July 2023.

MECKERING MUSINGS

Our Principal Ms Caroline Whitelock is taking some well-deserved Long Service Leave in week eight and week ten of this term and will hopefully return for the start of Term Three feeling refreshed and revitalised.

This term continues to move along at breakneck speed with plenty of sporting events and extra activities taking place.

Recently our school took part in the EASA Primary Winter Carnival competing in a combined team with Tammin PS in Netball and Football. Great sportsmanship and a never give up attitude were demonstrated by all our students as they played against the other East Avon schools at Dowerin.

Earlier in the term, the senior students participated in a Hockey Cup staged in Northam. Hockey is a sporting strength in Meckering and our students played extremely well all day, narrowly missing out on winning the cup. In week nine, senior students will travel to Northam to play in a Netball Cup and we wish them all the best.

Activities still to come for Term Two

Last day of term	30 th June

Moon on Water Bush Tucker Garden

Last year our bush tucker garden was established, and the first round of planting took place.

With the cooler weather and some good rainfall, the school students have just completed the second round of planting and the establishment of a frog pond with water plants. Native Gardenia, Macadamia, Blue Quandong along with River Mint and Warrigal Greens are some of the new plants that have been added to the garden.

The intention is to have a Grand Opening and Garden Walk at the start of term four on Friday 20th October, so keep the date free and keep a look out for more details a bit closer to the time.

TALES FOR TOTS

Tales for Tots was held on the 19th of June and was once again a smashing hit. Although we didn't have many tots this month, we had a fun-filled morning of reading and playing. Thank you to Julie Mussared for volunteering her time and bringing her singing voice. We sang a few nursery rhymes and coloured in some interesting pictures. It was another great opportunity for the children to build social skills and see friends outside school. We hope the tots that attended had a great time and enjoyed the morning. We invite parents to join us and bring their children to the event. We are sure they will have a wonderful time.

We look forward to more little ones joining us next month! We know that the more children we have, the more fun we will have. We can't wait to see what new creative activities and projects we can develop. A special thanks to Better Beginnings and the State Library of Western Australia for making tales for tots possible for the community of Cunderdin.

FREE

Kick

Session 3 of Free Kick was a hit this week! With the help of Oscar Bird of the Perth Football Club for coming up to Cunderdin and managing the event. He ran a few team games which is a great way for the kids to get to know each other better, build relationships and trust. It also encourages creativity and collaboration as players need to communicate and work together to win the game.

After a yummy dinner Oscar ran through a powerpoint about his AFL journey and answered many of the kids' questions. It was a great way to show the kids that anything is possible if you work hard and have a good support system! The kids had an awesomet time and learned a lot from Oscar, we look forward to seeing you all again on the 28th of June.

High Yield

Separating the wheat from the chaff so you don't have to.

I've managed to get myself a new hobby recently - knitting. I was taught knitting way back in high school but forgot it all. The Pink Up campaign for October got me inspired to relearn. Thanks to the wonders of YouTube videos, I am now three squares in. Highly recommend it for anyone who usually zombie scrolls on their phone while watching tv. Knitting let's you watch the show and also create something at the same time. Here's what would be good to knit and watch or listen to. - Dee Blom

Rosehaven - TV Series

If you started watching Utopia, these two will be familiar faces. Celia Pacquola and Luke McGregor play two best friends who have moved back to a small town in Tasmania to help the family real estate business that is run by McGregor's mum - Barbara. This jump from "the mainland" back to country Tasmania comes with it's quirks. Filled with funny and awkward moments as the pair navigate past relationships, and form new ones with the locals. Three seasons, 40 episodes - perfect series to get stuck into. Available on Amazon Prime.

Killed - Podcast

I studied journalism at uni, but mid degree changed my courses after being told by a lecturer there would only be potentially 5 of us who would get a job in Perth. Those prospects didn't appeal. However I have still kept a keen interest on stories and reporting over the years. This podcast is a favourite of mine, and no its not about murder. It's about stories that are killed, never published, from the perspective of the journalists told their weeks of work aren't worth the ink. All the stories are fascinating and you will find yourself asking - why wasn't this published?

John Wick - Films

Give me an action movie over a rom com any day. And the John Wick films are perfect. The fourth in the series has just made it onto streaming services. Keanu Reeves plays a retired hitman who is forced to dive back into the dirty underworld life after a very upsetting incident. Fight scenes are like ballet, beautifully choreographed. All the gun handling is accurate to what is taught as best practice. And there are plenty of puppy dogs. Perfect!

RJ Knits - YouTube

The wonderful Ryan is the YouTuber who taught me how to knit recently. I ran through a bunch of videos online before coming across his channel. All of his videos just make sense, he doesn't rush through the instructions which is perfect for beginners but he also has more advanced videos covering different stitches or how to create particular things like jumpers or beanies. Highly recommend checking his channel out if you'd like to learn to knit.

Unforgotten - TV Series

Here I go, recommending another Nicola Walker tv series. Seriously, she is fantastic in everything! This series follows two detectives as they attempt to solve a series of cold cases. It dips into their personal lives and family surrounding them. A cosy British crime drama. Best part is that there are five seasons to get stuck into.

Framed - Documentary

Marc Fennell - I've recommended his work before - investigates Australia's greatest art heist in a four part documentary. In the 1980s a Picasso was stolen from the NGV. It vanished overnight. Fingers were pointed, headlines on this dominated the media of the day. Fennell dives into the stories surrounding this to try and learn more about what actually went on and who is responsible. Don't feel like you need to know a bunch about art to watch this, the who done it element is more than enough to keep you hooked.

Meckering Ladies Club Cuppa

We continue to meet and enjoy a morning cuppa and chat together. The weather may be cold but the venue is warm and most welcoming. Probably one of the strengths of our group is sharing each other's good news and also supporting each other in sadder times.
All ladies are welcome to come along and join in the fun.

Upcoming sewer relining work in Meckering

What is happening?

Our authorised contractor Allpipe, will soon commence work to refurbish ageing wastewater pipes in Meckering. Sewer relining uses trenchless technology to clean and refurbish existing wastewater pipes. It reduces the likelihood of blockages and extends the life of this important infrastructure by at least 30 years.

Where is this happening?

We will be working across the town of Meckering. Please reference the map on the following page for an overview of the work areas. For more information, including aerial maps with street names, visit watercorporation.com.au/sewerrelining

When is this happening?

Work is scheduled to commence in **early June 2023** and completed by **late July 2023**. During this period, we will generally work from **Monday to Saturday between 7.00 am and 5.00 pm**. Night works may occasionally be required, and in this case we will notify impacted residents in advance.

How will this impact me?

Allpipe will be working in both verges and/or roads, and also in the boundary of private properties. If Allpipe requires access to your property, we will contact you directly to discuss the work and arrange entry.

Residents and businesses may notice more activity in the area, noise from generators and vehicles and temporary odour. Traffic management will be in place to direct vehicles, cyclists and pedestrians safely around the work area.

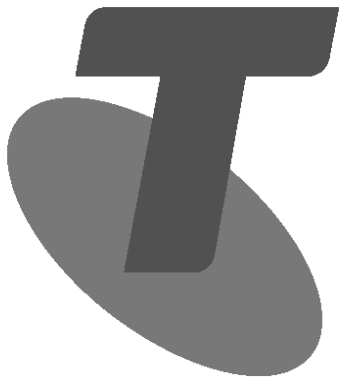

If you experience any odour in your bathroom during this work, flush your toilet and pour water down the floor drain.

Where possible, please keep all toilet lids closed during this period. If water spurts from your toilet, please notify Courtney Hiller from Allpipe immediately. Allpipe will assess the issue, work with you to organise a cleanup and notify the Department of Health.

We thank you for your understanding and appreciate your cooperation while this important work takes place.

Who can I contact?

- An enquiry or issue requiring immediate actioning onsite, please contact Allpipe Project Manager, Courtney Hiller on **0473 547 591**
- For general enquiries, please contact Taylor O'Dea, Water Corporation Community Engagement Advisor, via Taylor.O'Dea@watercorporation.com.au or 08 9420 2121

REVIEW OF DISABILITY ACCESS & INCLUSION PLAN

The Shire of Cunderdin is currently reviewing our Disability Access and Inclusion Plan (DAIP).

The purpose of a DAIP is to ensure that the Shire continually assesses the needs of people in the community and that people with disabilities have access to all information, services, and facilities.

A survey has been constructed to engage the community and encourage you to participate in the development of our DAIP.

Your participation will help us to identify any concerns, risks, opportunities, and potential solutions within our community.

The survey will be available online through the Shire of Cunderdin website and social media outlets.

A paper copy of this survey is available from the Shire Administration Office and Cunderdin CRC. If you would like to receive the survey via the mail, please contact the office on 9635 2700 and provide us with your postage details.

Survey responses need to be received by 4pm, Thursday 29th July 2023.

What Do You Do When Someone Close to You Is Struggling But Won't Seek Help?

I was speaking with a bloke not long ago, Joe, who was feeling really frustrated when trying to help a mate who was avoiding Joe's attempts at support and refusing to seek help, even though he was obviously in some emotional distress. As is often the case Joe felt powerless in this situation and asked how he might better approach things.

So, what do we do when someone close to us, often a friend or family member, won't seek help? How do we manage the sense of obligation we may feel or the emotions that come with this?

First and foremost, we must remind ourselves that we do not carry the responsibility for other people's health and wellbeing, they do! However, in the above situation it is important to try and understand the reasons why some people are less likely to seek help when it is needed. We need to recognise that often when people are in the middle of a tough situation, simply making a decision to admit something is wrong can be a difficult and daunting thing. It can take time for some people to become comfortable enough with their situation to then contemplate the idea of accessing help. For others, negotiating feelings of embarrassment and shame can be quite overwhelming.

I take my hat off to Joe because, like him, we all need to recognise our role as primary carers, that is, everyday people in the community actively supporting and looking out for our mates.

Whilst our intentions can be coming from a good place, trying to get someone to change or seek help can put more of a strain on your friendship/relationship. Alternatively, simply avoiding the issue can foster stronger feelings of isolation and possibly result in the person becoming even more resistant. This can prove difficult when the time comes, and they are ready to reach out but may no longer feel comfortable with the idea of approaching you.

As difficult as these situations can seem, it is important to be there for people who are going through a tough time. You can do this just by letting them know you are available to listen when they need it and help when they do decide to reach out. In the meantime, you could take the opportunity to do a bit of research into what specialised local support options might be available, if required, such as a counsellor, financial/legal support or the GP, so you can be prepared and direct them when they do reach out. We also need to remind ourselves that the ability to listen effectively is one of the most important skills we can possess. Being a good listener can have a big impact on improving our relationships and helping others.

At the end of the day, it's also important to look after yourself. Setting clear boundaries is healthy and is all about understanding our limits. If you are starting to feel overwhelmed, talking to someone yourself can provide a good outlet and perhaps some insights into ways to manage the situation.

Most of the time, giving someone the space they need to arrive at seeking help is a good thing. However, if you do have concerns that someone is at imminent risk or danger to themselves or others, it is important that you act on this and seek professional help immediately. In these circumstances you may be worried about going against a person's wishes, but realistically most of us would rather deal with an angry response than a situation where the person we care about is seriously hurt or in trouble.

EAWHA Country Week

In mid-June, 50 representatives from the EAWHA went to Perth for ladies country week hockey. It was fantastic to see EAWHA pulling together to get three teams to represent our small Association. It was a great weekend on and off the field with plenty of wins and ties across all three teams. Plenty of team spirit and antics took place on the field and dance floor. Well done to everyone that was involved, thank you to coaches; Luke Button, Pippa Button and Char Thomson, to managers; Corey Dixon, Lola Slocombe, Natalie Snooke and lastly thank you to umpires; David Fox, Dean Hunt and Kaley McDonnell. A much needed thank you to the Association Office Bearers for organising such a great weekend; Samantha Pimlott, Courtney Strang and Tamara Carter.

Pat Ferguson Shield & Beverley Shield

The Pat Ferguson Shield and Beverley Shield were both held in Quairading this year.

Pat Ferguson Shield:

The Netball team only had 5 players and had to borrow a couple from the other teams. They gelled together well to play an awesome brand of netball doing is all proud on the day. Well done girls. Anjali won the coaches award for the day.

The footballers played extremely well winning all their games to bring home the Pat Ferguson Shield. Super effort boys. Well done to Jadd Argent for winning the coaches award.

The Beverley Shield:

The Cunderdin Nippers had two netball teams and one football team for the Beverley Shield. The girls played their hearts out in bitter cold conditions. Anjali won Fairest and Best and overall Fairest and Best for the year 5 and under division. This is Anjali's first year playing netball. I can see her having a bright future ahead.

Georgia Greenfield won Fairest and Best for the Yr 7 and under division. Both these awards are picked by the event umpires, well done to Georgia and Anjali.

The Cunderdin football team won two hard fought games and lost a nail biter to receive runner up champions for the day. The Cunderdin football team had two joint winners for Fairest and Best awarded to Koby Jasper and Marshal Wilson.

Cunderdin Nippers

On the 18th May Cunderdin Nippers were lucky enough to have 2 coaching clinics come to town. All footballers from Tammin, Cunderdin and Meckering were treated to West Coast Eagles AFLW player Amy Schmidt and WAFL player Alec Watermann. The kids learnt some amazing skills and got their shirts, boots, posters and whatever else they could find signed by everyone. We were also fortunate enough to be gifted a Jersey that had been signed buy all the WCE AFLW players. The clinic was well run and there where lots of smiling happy children at the end of it who had lots of questions to ask. The kids then enjoyed a sausage sizzle and cool drink at the end which was put on by the Nipper Committee.

We were also lucky to have a West Coast Fever Coaching Clinic taking place on the courts aswell. Players from all around learnt some awesome new drills to try at trainings and some valuable skills which they can then take into their games. The girls came away very puffed but we think they got a bit out of it. Everyone from our little NetSet Go girls up to our year 7's all got to participate! It was an awesome turn out with towns such as Meckering, Quairading and Tammin all coming over and joining in as well.

Cricket in Cunderdin

Standing; Tom Daly, Joe Sheehan, Clem Stewart, Unknown, Unknown, Corry Large, Fred Reynolds, Leo Sheehan.

Front; Dick Bycroft, Len Phillipe, Pat Sheehan and Len Sheehan.

It is great to see that cricket is starting again in Cunderdin after a lapse of a few years. To think that in pre-war days, Cunderdin could field four cricket teams. South's, Towns, North Cunderdin and Rovers. Of course larger families were quite common in those days and as you will see these teams had three or four from the same family. Take for instance this towns team which had four Sheehan brothers.

From left to right, back row:-

Tom Daly, the local bootmaker. He was a keen follower of both cricket and football and was most probably property man and scorer. Apart from his work, his only other interest was his church being a staunch Catholic.

Joe Sheehan was wicket keeper and the oldest of the Sheehan players. **Clem Stewart** worked for Wally Warnes and was the father of that well known footballer Max Stewart. The next two I cannot identify. The big young man is **Corry Large**, who worked in Halbert's Store and was killed in action in New Guinea. **Fred Reynolds** is from another well known sporting family of Cunderdin and was an uncle of Corry's and Dick Bycroft. **Leo Sheehan**, another of the four Sheehan brothers in the team.

Front row:-

Dick Bycroft, a descendent of the Reynolds family, and also a keen footballer, lawn bowler and tried his hand at golf.

Len Phillipe who worked on the telephone lines. Then two more Sheehan's, **Pat & Len Sheehan**. Len was an exceptionally good spin bowler and made the selection in a country team who played the South Africans.

Good luck to those trying to get cricket up and going again in Cunderdin, as there are many of the older generation who will remember many fun times while playing cricket in Cunderdin.

ATTENTION
PEOPLE WITH HEEL AND ARCH PAIN

Plantar Fasciitis (planar heel pain) is a common condition that causes pain under the heel of the foot, and may extend into the arch area.

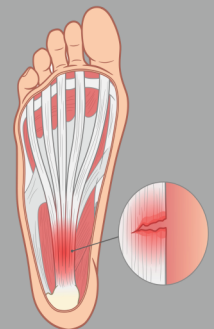

WHAT ARE THE SYMPTOMS?
 The pain under the heel is worse when the person first steps out of bed in the mornings, or after sitting for long periods of time. It is relieved after walking about for a few minutes, then returns towards the end of the day. Resting will ease the pain, until you get up again.

WHAT IS THE CAUSE?
 The exact cause of plantar heel pain is unknown, but we do know this is a degenerative process in which micro tears occur within the plantar fascia. Several risk factors including over-pronation (rolling inwards of foot), tight calf muscles and long periods of standing/walking hard floors have been well established.

TREATMENT
 Some of the more common treatments we offer are:

- Custom foot orthotics
- Corticosteroid injection
- Dry-needling
- Rehabilitation

WHY SEE WA FOOT CLINICS?
 Plantar heel pain is a complex issue and treatment varies depending on the cause. At WA Foot Clinics we have Podiatrists that are highly trained foot professionals who see and treat heel pain on a daily basis.

Each year, CBH recruits harvest casuals to help us safely receive the crop from Western Australian growers and keep our sites moving.

With positions available across the Wheatbelt, working as a CBH harvest casual is a great opportunity to explore, live and work in regional WA for a short period of time while earning decent wages.

Applications open 3 July.
